Principal's Message

Recent economic developments in Canada indicate an increased emphasis on the career aspect of education. For graduates to find a job today requires a substantial committment to scholarship. To this end, I wish you good luck!

D. A. McCahill

Mr. P. Brown, Vice-principal, from September, 1977 to December, 1977.

Mr. D. Cook, Vice-principal, since February, 1978.

STUDENT SERVICES

Student Services is probably one of the most important departments in the entire school. Headed by Mr. Smith, it is open for the use of all students at SCITS. Councillors offer general information, confidential discussion of personal problems and study habits, even help with subject problems. The department also offers a service whereby one may acquire university and college information as well as career requirements. This service is well-known as SGIS (Student Guidance Information Service). It is also open to any student wishing to utilize the service.

ENGLISH DEPARTMENT

The English Department has had a busy and productive year. Its members are responsible not only for classroom instruction, but they also undertake various student activities. Miss Gibb heads a fantastic Drama Club which produced **Alice in Wonderland** and **The Dark of the Moon** which swept the Sears Drama Festival. Miss Gibb also directs the SCITS Revue and assembly productions. Mr. Arthurs, in addition to being Department Head, is advisor and chief photographer for the **Ad Astra.** Miss Mitchell is the assistant head and is chairperson for the County Curriculum Committee. Mr. Capes coaches Midget Basketball; Mrs. Murray is music and vocal director for school productions (and chaperones trips to Greece!) Mrs. Boardman is advisor to the **Reach for the Top** team; Mr. Boardman is advisor to **the Southerner** (when it publishes); Mr. Archer is active as stage manager for **the Revue,** etc.; Mr. Hall is a football coach and **Revue** worker, and Miss Coffer is active in Spades, Library and Revue work.

FROM THE LEFT: Mr. P. Robinson, Mr. G. Pumple, Mr. J. Hazzard, Mr. T. Kendall, Mr. W. Scott (Head), Mr. B. Farrar, Mr. J. Downie. SEATED: Mr. G. Sprenger, Mrs. J. Levesque, Mr. T. Landeryou. BELOW: Mr. Robinson with his best Grade 13 students (according to them!)

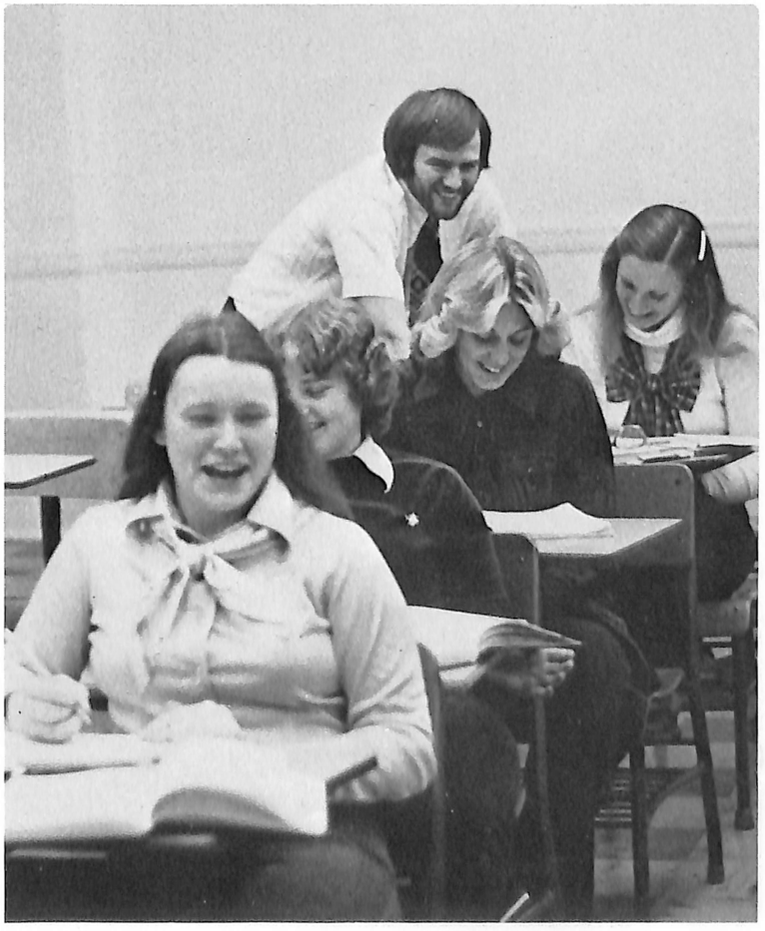

ART DEPARTMENT

The Art department is a mighty one. Under the direction of Mrs. Kurvink, students learn about basic colours, oils and water paints, and modern and abstract art. Also included is a study of famous artists and their art forms. This year, the Art department was primarily responsible for the soon-to-be park down by the waterfront. It was proposed that statues be put in this park, however, City Council turned it down. With the help of several individuals and the entire department, these statues will be placed in the park.

Art Department members: Mrs. Snelgrove, Mr. Mendritzki, and Mrs. Kurvink (Head).

MATH DEPARTMENT

The Math department, headed by Mr. W. Scott, is the second largest and probably the most widely used department in the school. General maths are offered in both four and five year courses from grades nine to twelve. An enrichment course is also offered. In grade thirteen, the subject branches out into the three extensive study areas of calculus, functions and relations, and advanced algebra. Computer science is offered in grade eleven as well as the regular course. The department is now preparing for another new mathematical system which is expected to be in full swing by 1979.

Tech Department members (from the left): Mr. L. Edmonds (filling in Mr. F. Ellis), Mr. F. Schierenberg, Mr. T. Gulliford, Mr. G. Zigmond, Mr. E. Thompson, Mr. B. Wilker, Mr. F. Ditta (Head), Mr. D. Chypyha, and Mr. D. Brazier.

TECHNICAL

The Technical department consists of welding, sheet metal, woodworking, auto mechanics drafting, machine shop, electricity and electronics shops.

The teachers of the shops would like to have more importance placed on the shops.

Shop classes provide the teaching of skills which can lead to an apprenticeship in the fields of carpentry, electricity, auto mechanics, architecture and many others.

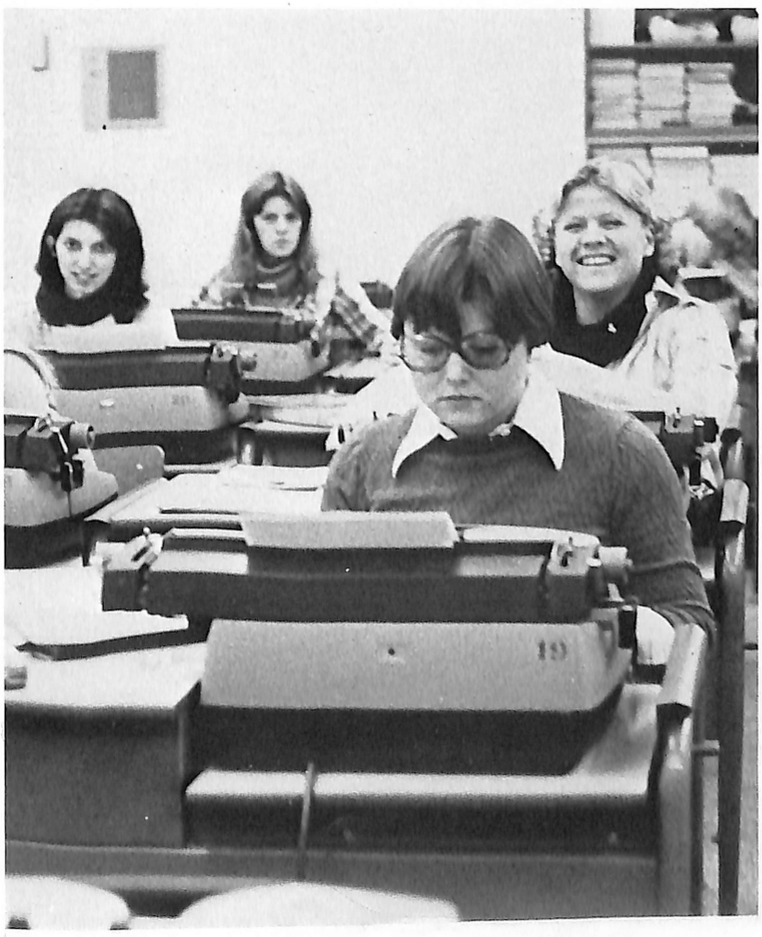

Girls are also welcome to take shops. This is one of the major changes in the classes. Every year the number of girls in the shops increases.

Next year the shop teachers are hoping for the total number of students to increase.

Commercial Department members (from the left): Mr. C. MacDonald, Mr. B. Choptovy, Mrs. D. Simpson, Mr. J. Irvine (Head), Mrs. P. Slipacoff, and Mr. J. Kinchsular.

COMMERCIAL

The Commercial department is under the direction of Mr. Irvine. Subject choice in the department is very wide ranging from typing to law, shorthand to accounting. Any student majoring in commerce is elligible to work in the commercial office. There is also a Work Week Program sponsored by Sarnia Businessmen. This year it was in March and students had an opportunity to go out into the city's businesses and work. Throughout the year, Mr. Irvine and the girls in the commercial office were very generous with their services, especially to the Block Parent Organization in Corunna.

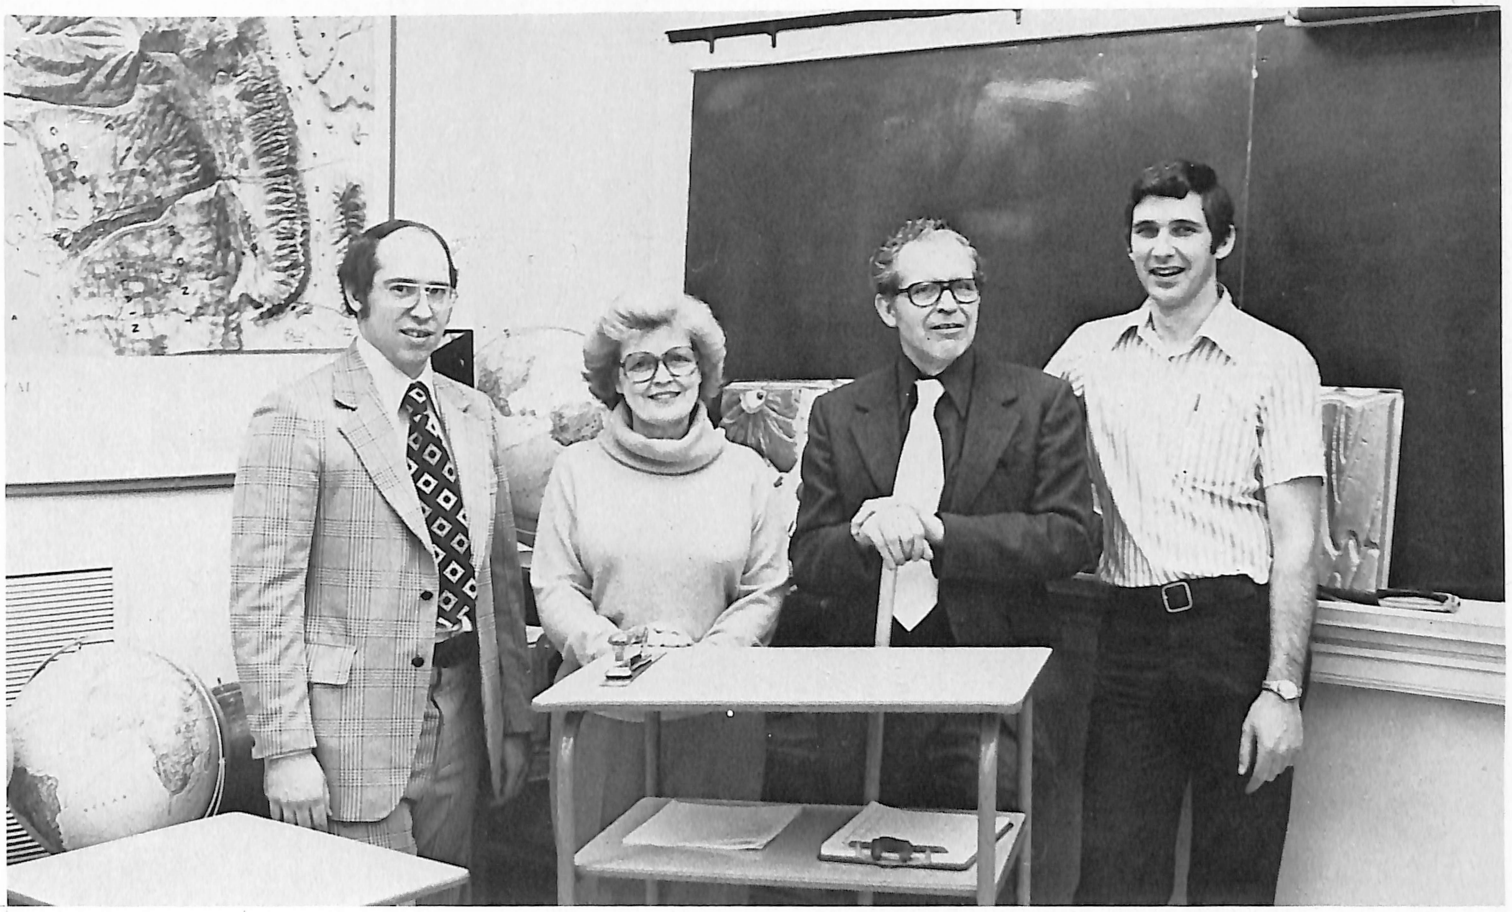

History Department members: Mr. G. Alexander, Mr. M. Burrowes, Mr. G. Barkwell, Mr. W. Davidson, and Mr. M. Phillips (Head) reclining on desk. BELOW: Mr. Alexander and Mr. Burrowes ham it up before Christmas assembly.

HISTORY

"History is good citizenship", says Mr. Philips, department head. As many of us know, he may be very right.

History offers a wide selection of interesting topics ranging from ancient times to the World Wars, Alexander the Great to Mussolini. The department also offers a course in world politics that studies the theories of communism, democracy, anarchy and other political ideas. Man in Society deals with problems facing society as well as education, crime and aspects of psychology and sociology. In essence, history hopes to teach us the mistakes of the past so they will not be repeated in the future.

Geography Department members (from the left): Mr. B. Davidson, Mrs. B. Kennedy, Mr. M. Schiek (Head), and Mr. J. Scott.

GEOGRAPHY

The Geography department, under the direction of Mr. Shiek, is a major consideration to the student who wishes to pick up a Canadian studies credit. Urban Geography and both grade ten general geographies are worth a Canadian studies credit. Geography is offered in all grades. Economic and Urban Geography are offered in grades eleven and twelve.

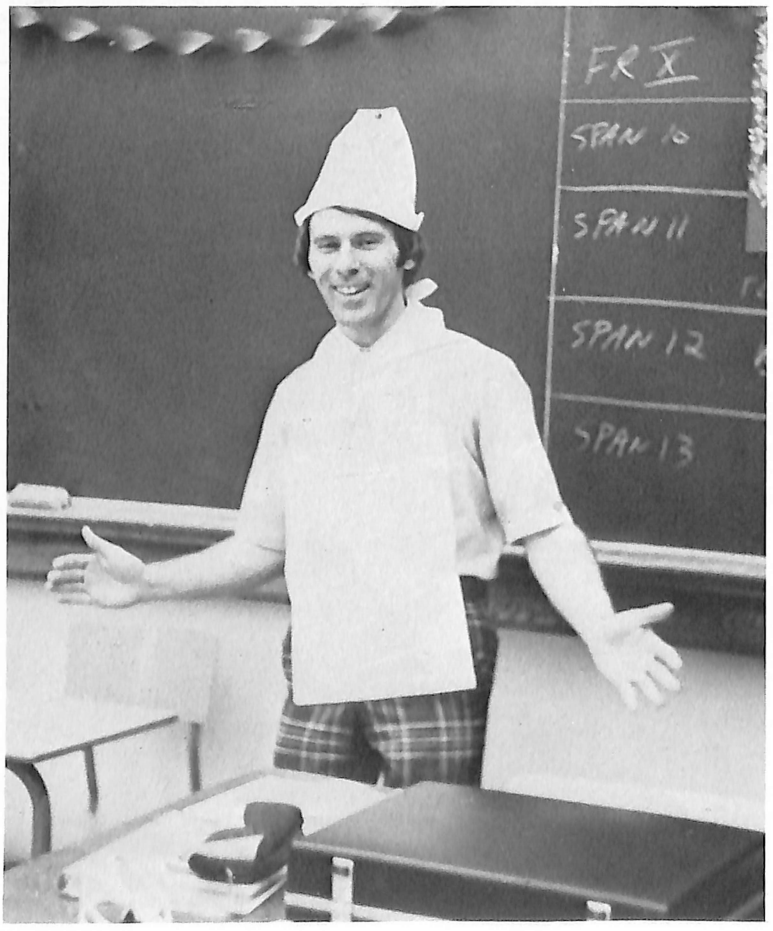

Studies include land and surveys, reforestation, and natural resources. Field trips are important in this area. This year there is to be a trip to Sault Ste. Marie.

Moderns Department members (from the left): Mr. J. Kinchsular, Mr. D. Carnegie, Miss M. Coffer, and Mr. B. Little (Head). BELOW: Little elf Carnegie.

MODERNS

The Moderns department, headed by Mr. Little, offers three foreign languages to the student. French, offered in grades nine to thirteen, provides students with the basis of the language as well as magazines and stories. German, in grades eleven to thirteen, emphasizes the grammatic aspect but also includes some German culture and history. Spanish extends from grade ten to thirteen and offers basic grammar techniques and understandings of the language. All in all, languages are well liked in the school and because of recent university requirements, it has become a much-used department.

The school band performs for parents and guests at ths annual commencement exercises. BELOW: Mr. D. Jolley, Head, and only member of our Music Department staff.

MUSIC DEPARTMENT

As small as it may seem, the Music department plays a large part in our school, being the sole source of our symphonic band. Entirely under the direction of Mr. Jolley, the department offers students a chance to express themselves through music. First year students learn basic instruction on wind and percussion instruments as well as rudiments of music and music appreciation. The years ahead offer ensemble and solo playing, music theory, arranging and directing.

Home Economics Department members: Mrs. S. Thompson, and Miss A. Pippard (Head).

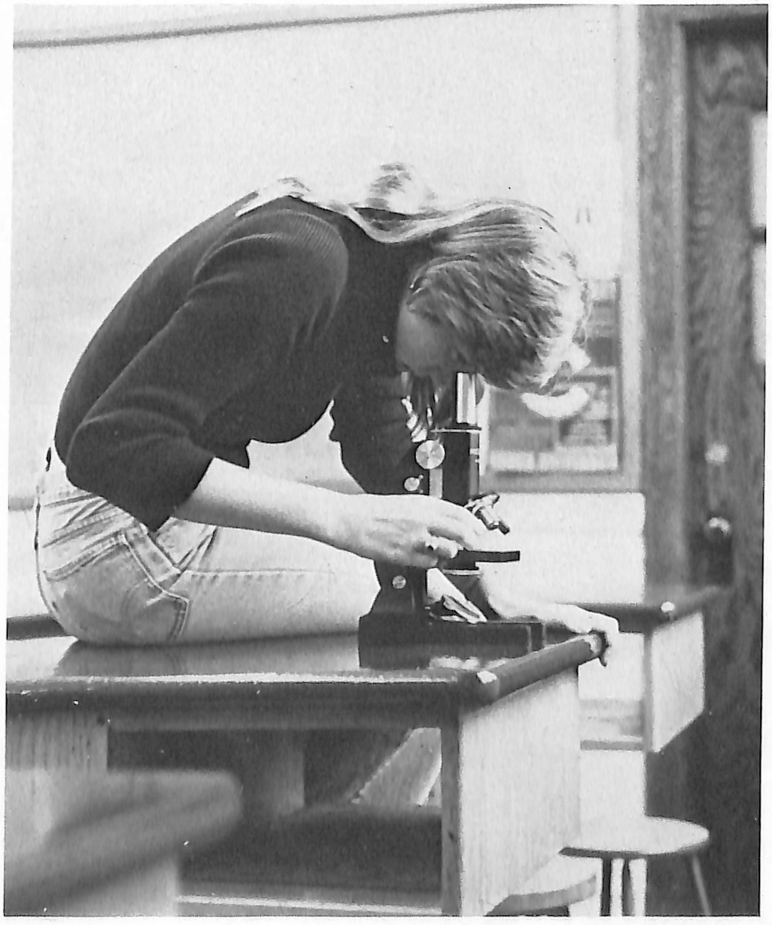

HOME ECONOMICS

Home Economics is a rather small department that carries a lot of weight. Headed by Miss Pippard, these courses include cooking, sewing and crafts as well as a study of the family unit and the planning of such. Areas like filling out leases and managing a home are also included. Much of the study requires good common sense. Students work with some of the most modern facilities available.

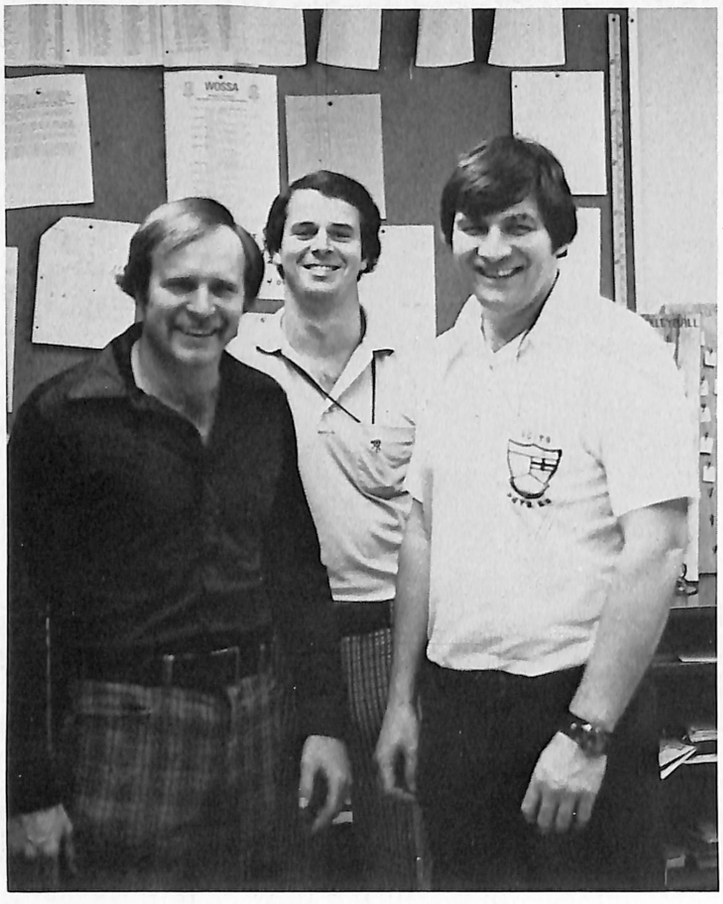

Department members: (from the left): Mr. J. Bakker (Head), Mr. J. Rome, Mr. J. Bennett, Mr. T. Landeryou, Mrs. C. Harris, Mr. T. McCord, Mr. R. Seller, Mr. T. Hamilton, and Mr. M. Mitchell. BELOW: Karen Simpson, a grade eleven science student at work.

SCIENCE

The Science department, headed by Mr. Bakker, is another very well used section of the school curriculum. General science, taught in grades nine and ten, leads into the specific studies of physics (grades eleven and thirteen), chemistry (grades twelve and thirteen), and biology (grades eleven and thirteen). Each year, students from SCITS enter projects of all sorts in the Lambton County Science Fair. These projects are judged along with those from the other Lambton County High Schools.

Boys' Phys. Ed.: Mr. M. Jackson, Mr. R. McClellan, (Head) and Mr. E. Tyro.

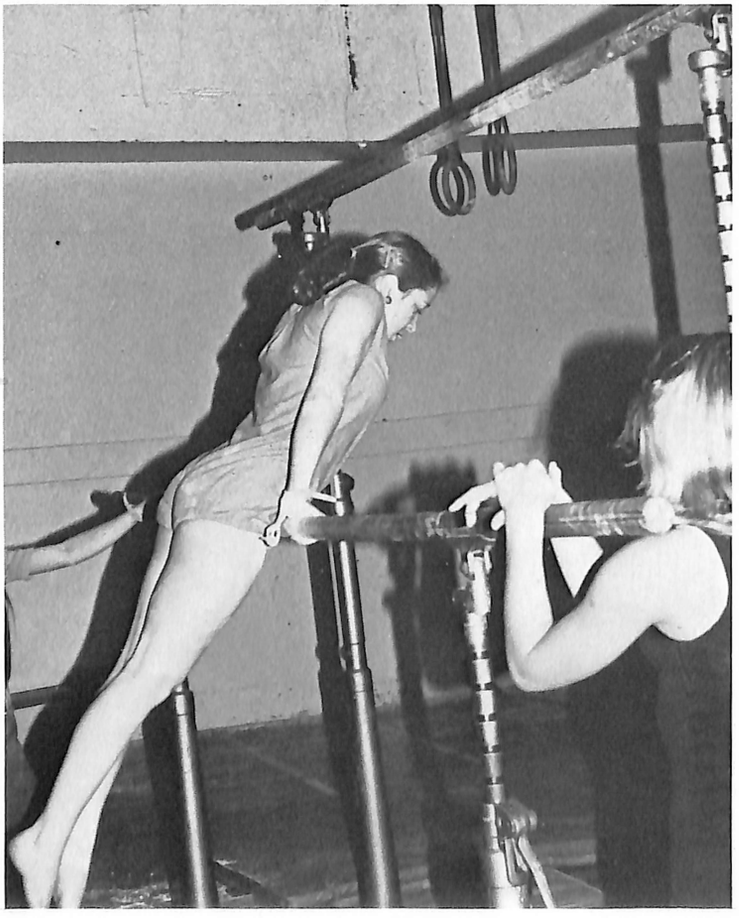

Girls' Phys. Ed.: Mrs. J. Levesque, Miss S. Kostaniuk (Head), Mrs. C. Harris.

PHYSICAL EDUCATION

The Physical and Health Education department offers courses which provide an opportunity for the physical development of SCITS students by learning skills and developing fitness through daily physical activity.

During the past years there have been many changes in the courses, especially at the Senior level where students are able to elect their activities from a wide range of offerings including Judo, Paddleball, Paddletennis, European Handball, Bowling, Golf, Archery, Tennis and some of the more traditional team activities such as Basketball, Volleyball, Field Hockey, Football, Lacrosse, Rugger and Soccer.

The staff of the Physical Education department, along with valuable contributions from other interested staff members, is instrumental in conducting the extra-curricular athletic program which adds much to student involvement and enjoyment outside of regular school hours.

STUDENTS' COUNCIL

Students' Council at SCI seem to be on the upswing. This is one of the years that the Students' Council hasn't had much trouble getting people to help them. Admittedly, we haven't had as many activities this year as we would have liked to, but the activities we did plan went well and with no problems. We also ended up our activities in a profitable situation for the most part.

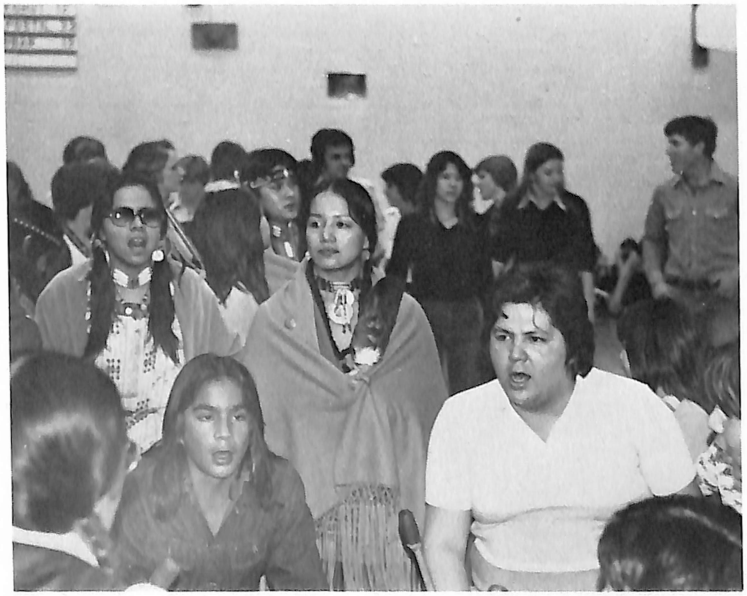

Although the Council is not as independent as some of the other clubs are in planning their activities, we have managed to run an interesting programme of events during the year. On a comparative level, we have more activities going on at one time than any two of the other schools combined. The Students' Council has sponsored such events as the Frosh Queen Contest, the Miss Sweetheart Contest, the Football Parade, Dances, a Student Exchange with Port Huron, and the Billy Awards, along with being an active member of the Student-Board Liason Committee. Thanks for a great year.

CHIPPEWA DAY

Last April the native students planned and held the 2nd Annual Native American Celebration at SCITS. The purpose of the celebration is to educate ourselves and our non-native brothers and sisters of our spiritual cultural heritage. Not only is it about the past, but also of current issues and spiritual rebirth. The encouragement of Mrs. Kurvink and the principal helped us set our purpose which is seen as a means of informing us all on topics not included in our present curriculi. Long hours of organizing and planning were well rewarded by the success of the day. Aside from leadership skills and knowledge gained from the experience, we also acquired a feeling of pride in our accomplishment and about who we are. Local speakers, crafts people, traders, traditional drummers and dancers were on hand for the festivities. All involved feel it is truly a celebration in that it is the first step towards a two-way cultural sharing.

DRAMA CLUB

The Drama Club is the largest club in the school with 85 members. It begins in September to prepare for its first show which is the Clubs Assembly. Then the club starts rehearsals for two more shows that it puts on at Christmas time. The first show they performed this year was "Alice in Wonderland" which the public school children from the area schools came to watch. The second performance is done by the SCITS Puppet Company which puts on puppet shows in the community; particularly in the Hospitals. Each year, the Hospitals give a $250 scholarship as well as a trophy to the outstanding student in the Drama Club who plans to continue in Theatre. This year this award was won by Doug Campbell who plans on going to Ryerson in Toronto to study lighting. Next, the Club prepares for the Christmas Assembly which the members of the club manage, and finally, their festival entry. Mrs. Slipacoff and Mr. Mendritzki have given many hours of assistance to Miss Gibb this year.

JUNIOR BOMBERS GIVE VALID TRY

FRONT ROW: Doug Fell, Mark Graham, Terry Little, Ron Last, Kevin Lathan, Ian Scott, Pete Glass, Doug May, Murray Carr, Howie Havers, Rick Brayton, Darrin Robson, Craig Wilcox, Tim McKelvie, Carl King. BACK ROW: Paul Vail (manager), Steve Belrose, Barten Verge, Rod Verbecke, Roger Selman, Tom Haches, Dave Cadieux, Greg Fisher, Steve Harper, Scott Wellington, Shawn Mitchell, Todd Huard, Jeff McLaughlin, Rob DeRoy, Ross Vail, Ed Tyro (Head Coach) Rick Lystra (manager), Murray Jackson (Offensive Coach). ABSENT: Peter Robinson (Coach) and Chris Stewart (assistant manager).

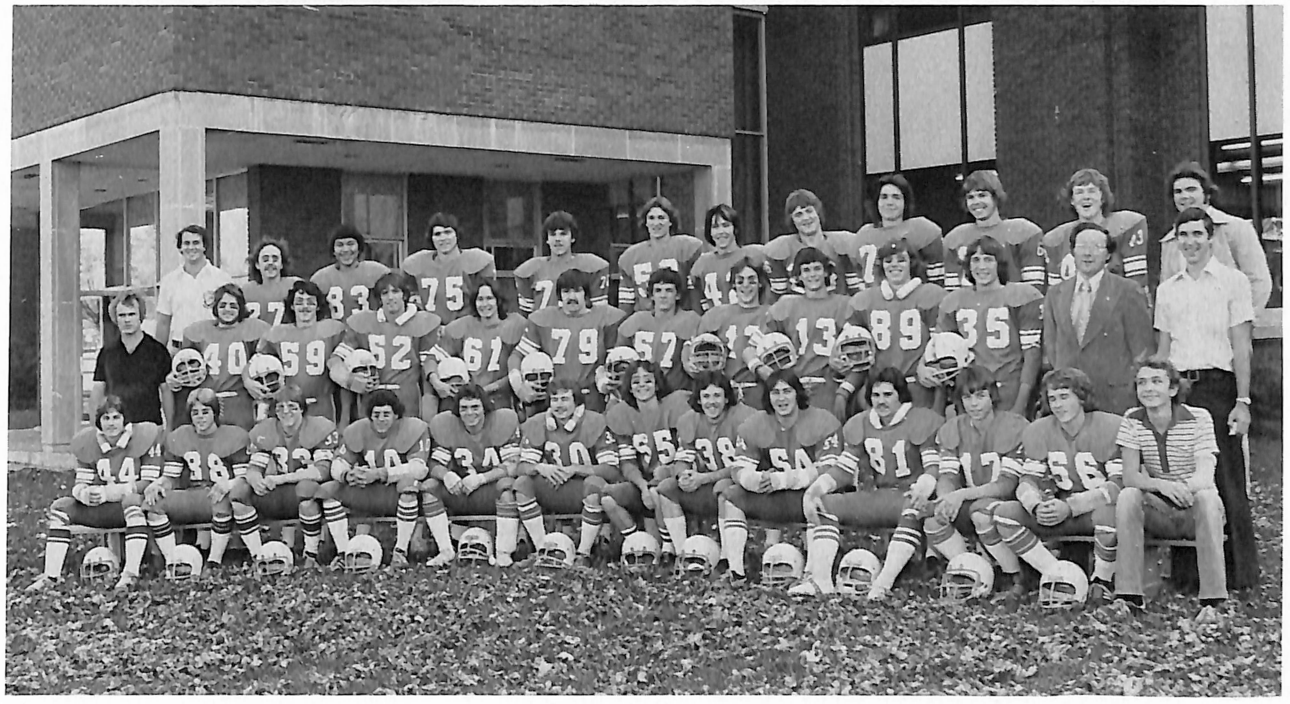

The SCITS Junior Football Bombers started the season out slowly, losing both exhibition games. They ended the regular season with a 2-3 record, good enough for a fourth place finish. In play-off action, they were eliminated after the first round by St. Pat's.

High scorers for this year were Todd Huard with 24 points, Pete Glass with 20, and Doug May and Murray Carr with 18 points each. Quarterback and captain Doug May was the outstanding offensive player, while co-captain Steve Harper led the defense. Many players such as Huard, Harper, May, Carr, Rick Brayton, and Howard Havers had to play both offense and defense. The Bombers never gave up, winning both league games from behind. Their best game was their victory against the league champions, St. Clair Colts, 19-18. Todd Huard scored two touchdowns to climax a come from behind win. Besides the above mentioned players, Jeff Stewart, Rod Verbeke, Ross Vail, Greg Fisher, Steve Belrose and Kevin Nathan gave good performances throughout the season.

Absent: Mike Weiss, Doug Loosemore, George Wilson, Dale Graham.

This year's Senior Bombers began the season very underrated, due to a number of inexperienced players. With the guidance and supervision of coaches Dave Smith, John Scott, Rick McLellan and Gavin Hall, the Bombers were moulded into a top contending team.

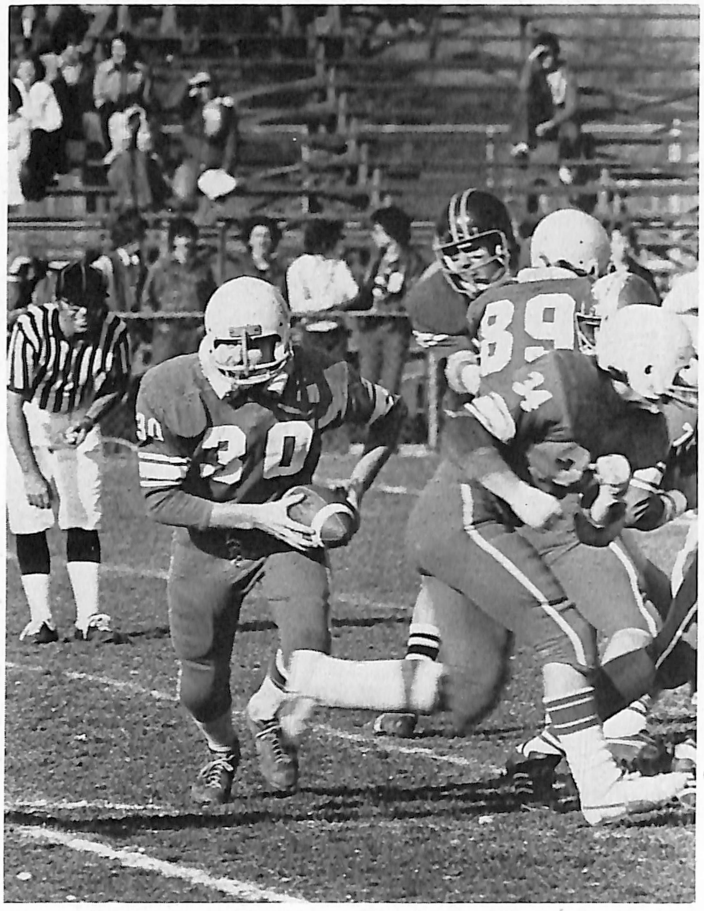

The first two exhibition games against London Banting and St. Thomas were losses, as was the season opener against Northern. Finally, we gained enough experience to start winning. We won easily against Petrolia, 40-14, beat Central, 28-21, and edged St. Clair in a real thriller, 14-13. Our last game was a disappointment, losing to St. Pat's, 12-8.

We finished the season in second place with a 3-2 record. The semi-final game was another closely matched game against St. Clair. Many people thought we could never win, but in the end it was 29-22 in favour of SCITS.

The final was a defensive battle that saw Northern score all of their points in the first 3 minutes of the game, and hold on to win the game 10-0. Although it was a heartbreak for many of us who will never wear a Bomber uniform again, we gave our all — and that's what counts.

This year was a rebuilding year for the senior basketball team. Coach Rick McLellan found most of last year's starter's had left, and so a much inexperienced team, led by captains Scott Paisley and Jim Grimes, was put on the floor. As the season progressed, so did the players and in the latter half of the season, the team proved quite competitive. In the next few years, basketball at SCITS will be at it's best with a strong base of basketball talent, coupled with excellent coaching.

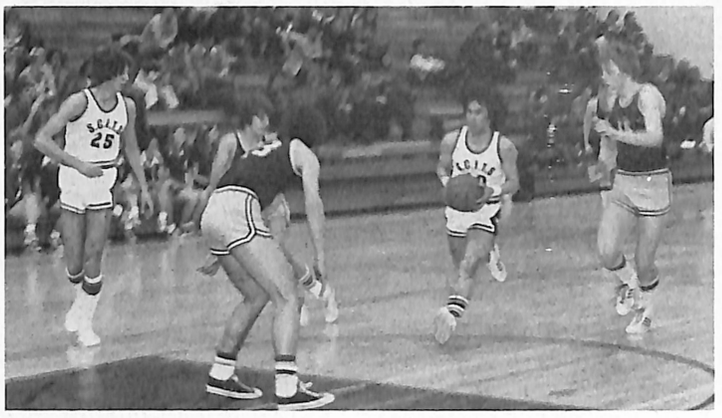

Our SCITS Junior Blue Bombers finished third in league standings. They ended their season with a 16-10 record, 6-4 in league play. In the LSSAA Junior Invitational, they emerged consolation champions. High scorer for league play was Steve Tusken. High scorer for all games was Murray Carr. The team was chosen to represent Sarnia at WOSSA AA and lost to Medway Cowboys in the first round. The team played well under pressure winning both overtime league games. However, they lacked the ability to put a team away when they had the chance.

Captain Nibs Bucci was the offensive quarterback, while Chris Kohut and co-captain Carr were defensive standouts. Good performances were turned out by co-captain Pete Glass, Tusken, Jeff Stewart, Paul Caravan and Scott Wellington. Bench strength was put forth by Mike Simpson, Doug Sands, Jeff McLaughlin and Harvey Beishuizen.

The Midget Blue Bombers this year was composed of an exceptionally well balanced squad. Returning guards Darryl Germain and Mike Howson with the addition of newcomers Steve Lester, Jeff Leneve, and Ian Scott proved to be exceptional ball-handlers and were adept at driving and pressing the ball by the season's end. Bob Stacey, Paul Taylor, Chris McPhedran, Dave Rand, Todd Huard, and Pat Lea developed as aggressive forwards and before the schedule ended, Paul Taylor had produced an excellent touch with the ball. Several individuals starred as high scorers in different games but Steve Lester emerged as the year's top scorer with an eight point per game average.

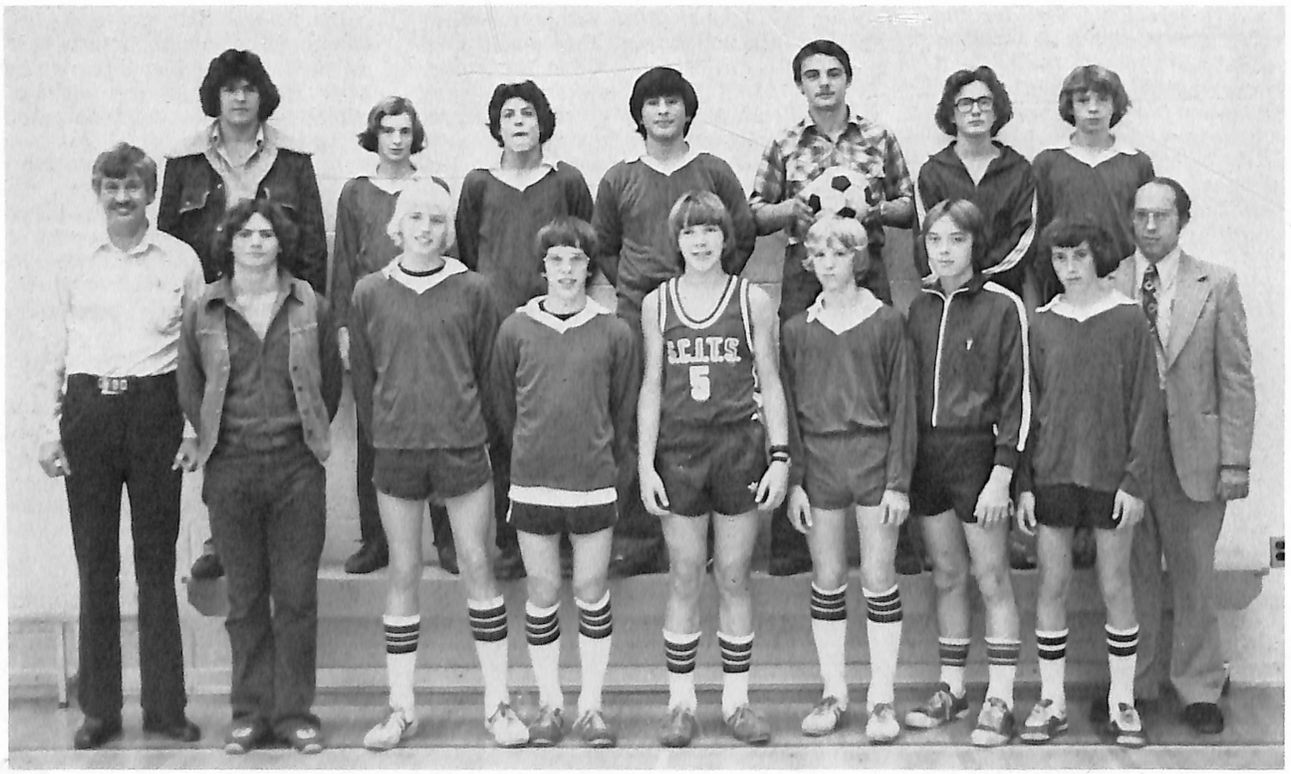

The team began the season with the win side of the standings heavily weighted in favour of SCITS. But after winning the first four games of the season, the Bombers completed the schedule in third place with a 5-5 record. The entire team moves up to Junior ball next season and with as much improvement in the coming year, this team will provide even better competition for the rest of the secondary schools in Lambton.

Coach Mr. Gulliford, Craig Pyne, Harvey Beishuizen, David Stewart, Les Jacobs, Clarence Beishuizen, Wes Hicks, George Whiteside, Coach Mr. Davidson. 2nd Row: Wayne Gross, Dave Heath, Phil Mezzatesta, Ivan Paredes, Steve Tuskan, Bob Findlater, John Lausman. Absent: Joe Mallozzi, Paul Caravan, Tom Neilson, Keith Arnold, Rod Metcalfe.

JUNIOR SOCCER

This year the junior soccer team, coached by Tom Gulliford won more games than it has in years. After their eight game schedule, they had a total of eight points.

They were not eliminated from a play-off spot until the last game played in Forrest, in bad weather.

Steve Tusken, the goalkeeper, and Harvey Beishuizen at fullback were outstanding throughout the season, giving one hundred percent at all times.

Goal scorers were: Nibs Bucci, Paul Caravan, Keith Arnold, Rod Metcalf, and Tom Nielson. Defensively, David Stewart, Joe Mallozzi, Clarence Beishuizen, and Barry Somers stood out.

During the latter half of the season, Lesly Jacobs showed a much improved and more aggressive game. Lesly, Wes Hicks, Rob Findlater and George Whiteside will all be fine first stringers next year.

The support of the substitute players, and the help of assistant coach Mr. Davidson, Craig Pyne, Wayne Gross and John Mara was greatly appreciated.

VOLLEYBALL

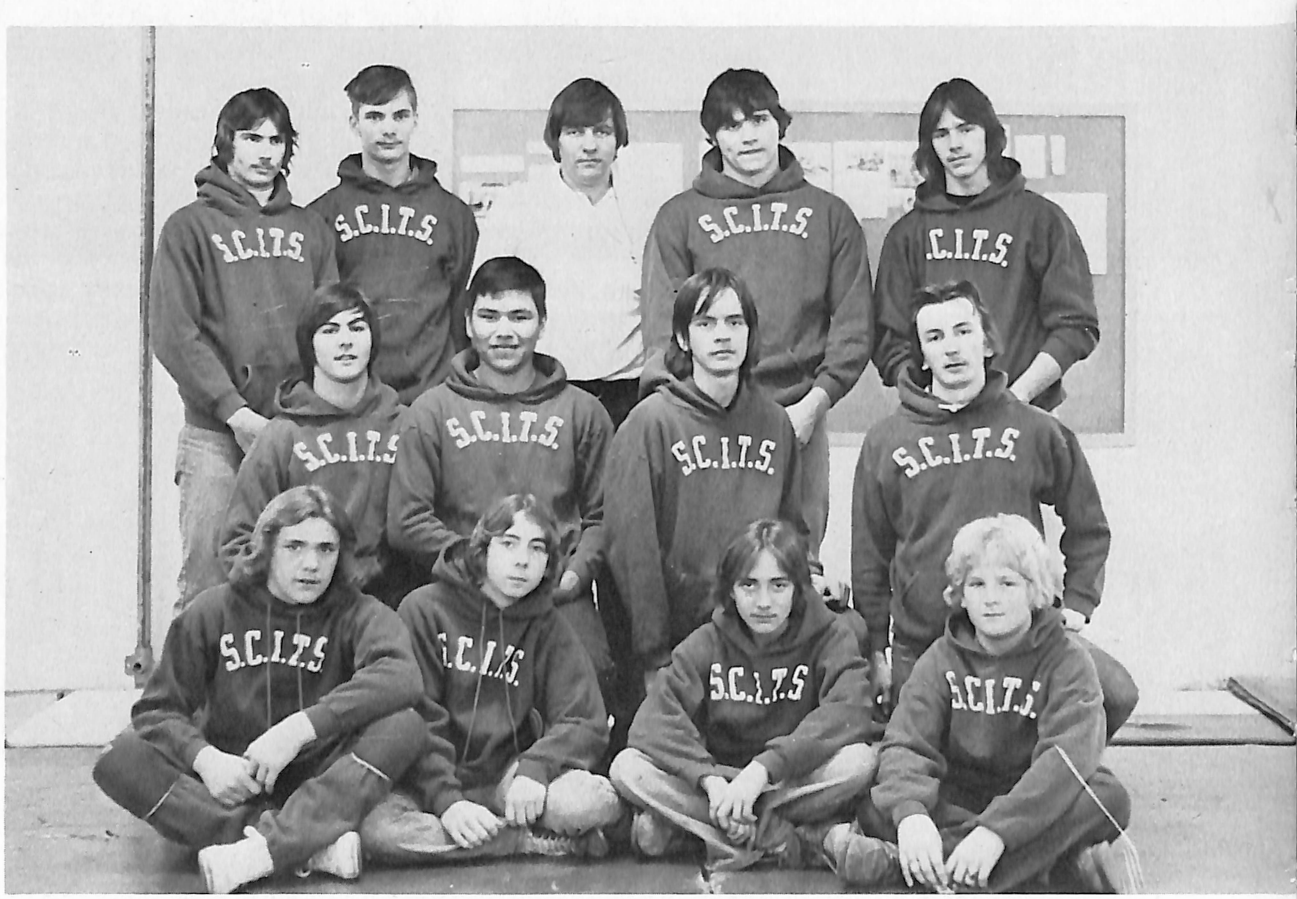

SCITS entered senior and junior teams in LSSAA competition this year. In addition to the usual single round robin schedule, the teams participated in three tournaments: The Northern Senior Boys' Invitational. The SCITS Junior Boys' Invitational. The LSSAA Tournament.

Calibre of play in Lambton volleyball is improving. All SCITS team members showed individual skill improvements but the teams experienced limited success in the win column.

This year was the first year for a combined BAA-GAA Awards Banquet and it turned out a great success. Awards were given for athletic contributions by students for their involvement during the year. Mrs. Kennedy, Miss Wilson and Mr. Saunders were guests of honour for the evening and helped in the presentation of awards. The BAA awards were given to students who, in the opinion of their coaches, display a combination of accomplishment, effort, co-operation, team spirit, leadership, and value to their teams. Ths GAA awards were based on the accumulation of school points, in both athletics and GAA activities. The awards were given as follows:

CHAR ADAMS
Char is an interesting girl who is seen occasionally and is always off to somewhere or another. She is a girl that cares about people. Char wishes to go on in her education and then help handicapped children. Her favourite hobby is partying.

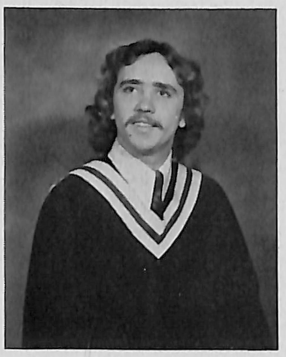

MARTHA ALLAN
Martha is one of our artistic people and hopes to increase her education in this area. She is one of the more quiet people, but the real her comes out at football games! Her time is spent mostly at Sentry, and doing homework.

KIM ANDERSON
She is known as Tinkerbell, when she shakes her head you can hear her bells ring. Only a person as sensitive as she can feel sorry for Wilbur the Tree or try to convert our Economics class of heathens. Kim is involved in many activities inside and outside of the school. They include the Drama club, the Scits Revue and working at the Moore Sports Complex. Kim always seems to have loads of energy and she definitely knows how to use it.

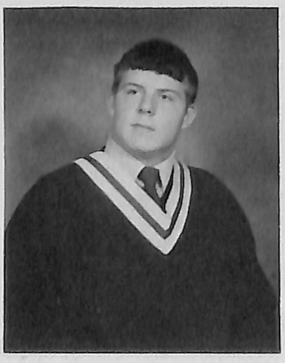

STEVE BAINBRIDGE
Steve, nickname "Bainer", was a grade 12 student, and is a part-time grade 13 student at S.C.I.T.S. He is an import from St. Clair and played defensive halfback on the football team this year. He is planning on being a stationary engineer when he gets out of school, which could be Dec. 77, or June 78.

TRACY BALLANTYNE
Tracy is one of Scits' quieter students who can usually be found in the library doing her homework or just reading. She works at Woolco in the shoe department in the evenings. She would like to major in Geography at University.

DON BERRILL
Wherever Don goes you can hear strains of "Roll out the Berill". This slogan was used to help Don become student council president in his final year at S.C.I.T.S. He has been involved with the school band for four years. Don plans to go to military college to learn how to salute and click his heels.

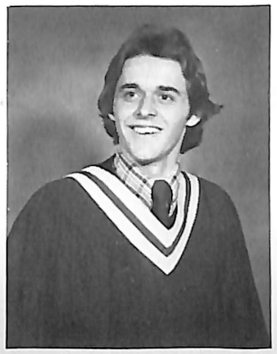

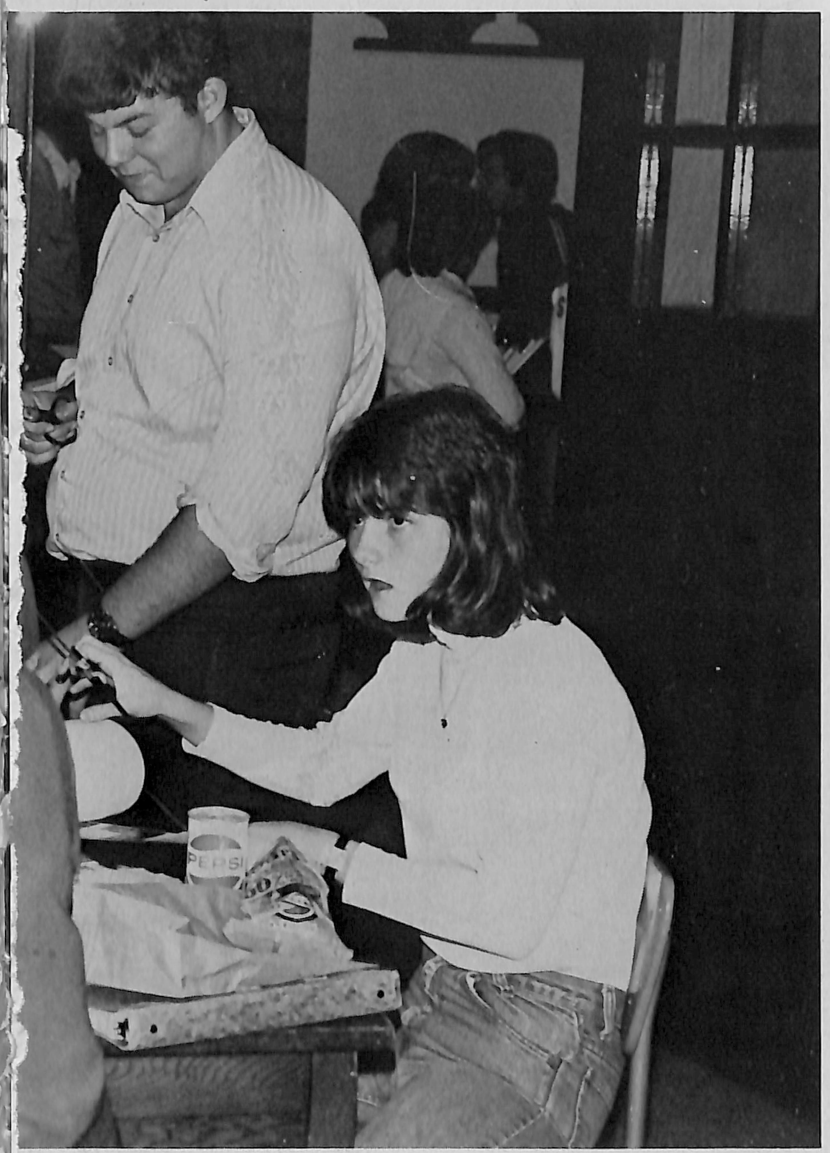

JOY BORODY
Joy calls all her friends "hun". She isn't sure about next year, but will probably go to Ontario Bible College. Her hobbies are singing and playing her flute. Teachers try to avoid Joy's questions, but she persists. Ergo, Joy is a good kid.

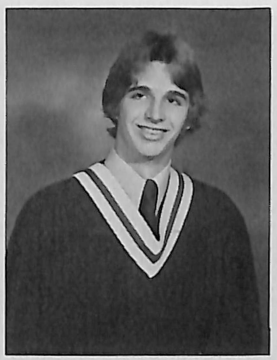

CHERYL BURGESS
Cheryl is a former member of our band. She enjoys her weekend job at the Texaco station. Though she hasn't been very active in sports, she does like painting, drawing, bottle collecting, and growing plants. To close friends Cheryl is known as "Bird".

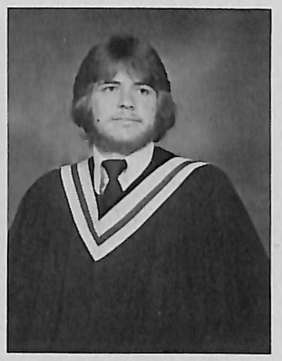

DOUG CAMPBELL
Doug does the sound and lighting work for various functions in the school auditorium. One of his few breaks from academic endeavours are his trips to the Continental with the boys. Because of his love of the land and its products, he was named "Minister of Agriculture."

JAMIE CAMPBELL
Jamie is a guy that everyone looks up to (because he is 6 feet 7 inches!) When no one knows an answer, even a teacher, we can always count on Jamie to show us all up. Jamie's plans are to be Prime Minister of Canada; if he can't make it, he'll settle for a lawyer.

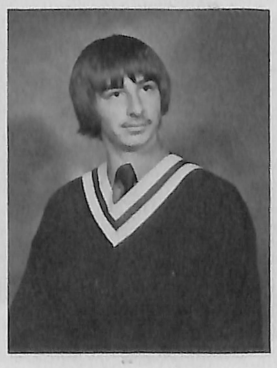

DUANE CARR
Duane is one of the more popular guys at school. He is pleasant, outgoing, and makes friends with almost everybody. Duane played flanker for the football team when he wasn't working hard at "Village Variety" in Point Edward. You'll always know Duane because he's the one who can't afford a new pair of jeans and has forgotten to shave since last July.

MARNI CECCONI
Marni is the blond Italian of the graduating class. She was never the type of person to attend a full day of classes. In fact, did she actually go a complete day of school in her Grade 13 career? Marni hopes to travel and enjoy life and she will.

RHONDA CLARK
Rhonda stands as one of S.C.I.T.S. shortest people, (who can't be overlooked because of a curly mop of red hair). She is a five year honor student who won an award in grade 11. Rhonda plans to study veterinary medicine at Guelph. The future of our pets is in your hands, Rhonda!

BRIAN CLARKE
What can I say, Brian is in no clubs, or sports, he has no interests, hobbies, future plans, past experiences, friends, enemies, or high marks. Infamous only in the qualities of being "The Newf", Brian will take his winning style on to even further successes.

SHARON CLYSDALE
Sharon, better known as "horse", went through her junior years at high school almost totally unnoticed, until her sudden spurt of growth which placed her at a towering five feet. She teaches swimming at the Mooretown Arena and her hobbies are raising ducks and taking obscene pictures.

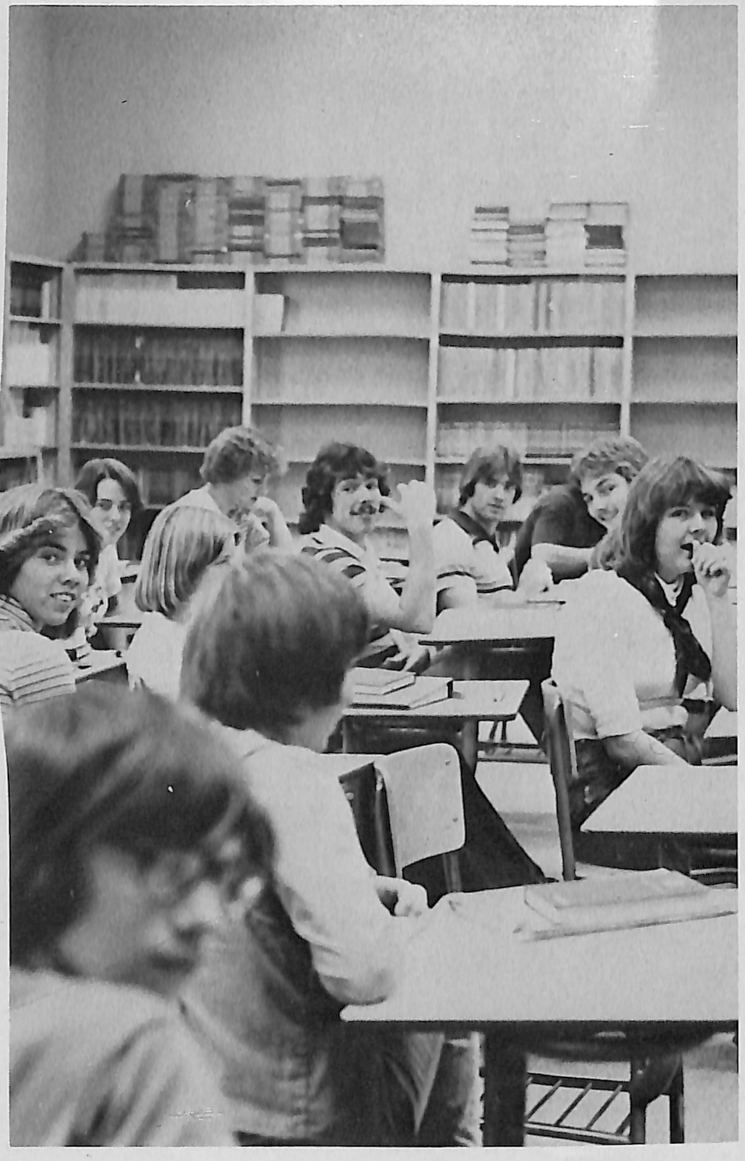

PAM COCHRANE
Pam's sole ambition for grade 13 has been to top Jim Grimes' insults. Failing to do this, Pam will become professionally unemployed, unless she can retain her job as cheerleader and Walt's girlfriend.

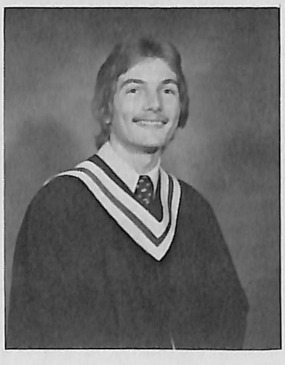

SHANNON CORBETT
Shannon was actively involved in the Drama Club and her main hobby was getting her hair cut and losing earrings. Shannon's future plan is to be the first white on "Soul Train" (or at least the first Corunnian). Good luck, Shannon and keep up those parties.

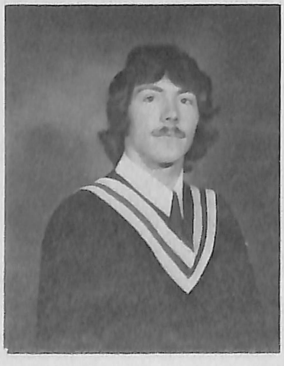

KATHY CREIGHTON
Kathy at one time was one of S.C.I.T.S.'s greatest flutists in the band. Now Kathy does not belong to any activities and that includes attending classes. If Kathy made it to her classes as much as she went to the Continental she would have all 90's. Next year Kathy hopes to attend Fanshawe. (If she passes.)

BILL DESCHAMPS
Bill is a hard worker in school. Out of school he can be found trapshooting out at the Lambton Sportsman Club. He won the gold medal in the Ontario Summer Games. His future plans are to become a first class stationary engineer.

WALTER FELL
Walt is fast and witty with words. In most classes he is known as "class clown". Between classes he is seen dragging Pam around the halls. Walt spends most of his spare time cutting meat an A&P. Walt (59) starred as flanker on the football team. Walt's future is uncertain because he is still trying to pass grade 13.

KIM FIELD
Kim has been in cheerleading and the Scits Revue at school in the past years. In grade 9, Kim was the Frosh Queen and this year she was one of the finalists in the Miss Sweetheart Contest. Her hobbies include playing the piano and the guitar. She enjoys tennis and squash or listening to music.

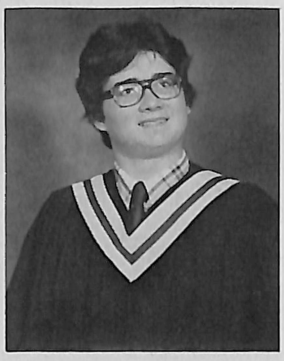

MAUREEN FOWLIE
Maureen has been actively involved in such sports as basketball and volleyball. She was also the sports reporter for the "Southerner" last year. Maureen's tacky sense of humour has made life at S.C.I.T.S. a little more . . . interesting! As of yet, her future plans are undecided.

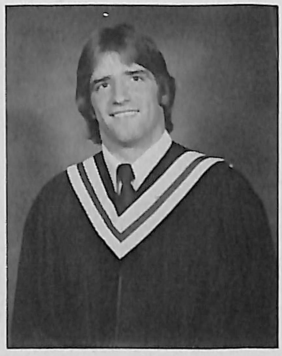

CONNIE GILBERT
Connie is well-known for contributing to the noise in the library during eighth period. She also keeps Mrs. Barkwell busy with overdue books. Connie plans to go on to school next year to be a counsellor for the mentally retarded. Five years at S.C.I.T.S. has helped to prepare Connie for this.

KEVIN GOETZ
Goetz is a unique character, with a wicked wit and a sardonic out-look on life. He is the King of the cut-down, and no one is safe from his sarcasm. He is one of the Last Greats, "The Great Goetzby". Kevin intends to pursue a political career and become Prime Minister.

JIM GRIMES
James, better known as "Grimsby" has a reputation of being the funny man at S.C.I.T.S. He was a star on the football team and has tried to be one on the basketball team. Jim plans on attending McMaster to become a Phys. Ed. teacher, if he doesn't get his basketball scholarship from Southern California. (Ha, Ha.)

Bank of Montreal

The First Canadian Bank

Money should do something. It should open up your life.

That doesn't mean you must go out and get a whole lot of money. It simply means that somebody who knows how to make his money work is going to find a lot more opportunities in life than somebody who doesn't. The Bank of Montreal is in the money business. We can show you how to make it work.

All you have to do is come in to any branch of the Bank of Montreal. Ask what a savings account or a chequing account can do for you. Ask *any* questions you have about money. We want your life to be filled with opportunities. **We want you to get your money's worth.**

Bread. It shouldn't loaf.
